# eSign Consents & Declaration Guide

# A guide to electronic signatures in ApplyOnline

eSign allows signatures to be captured electronically and is available via ApplyOnline using the Bank's preferred service provider, DocuSign. eSign for the Consents and Declaration form is automatically opted in, however, customers who prefer to physically sign (wet signature), please instruct to decline the DocuSign invitation.

The process is managed by the Supporting Documents service thereby providing the ability to send, track and receive electronically signed consents.

Click here to view an eSign demo.

The following information describes everything you need to know about what is required from your customer and the steps involved.

#### eSign email details

From: Bendigo Bank <BendigoBank@esign.bendigoadelaide.com.au> Subject: Your Home Loan Application

#### **Applicable forms**

eSign is available for the Consents and Declarations form.

#### Unique email/mobile phone

Each applicant must provide a unique email address and mobile phone number as access to the portal is controlled by two-factor authentication. A one-time unique code will be sent to the applicant's phone ensuring secure and verified signing of documentation. If the incorrect code is entered 3 times, the eSign process should be voided and restarted.

## Step-by-step

On the **'Supporting Documents'** tab a pen icon located in the top right-hand corner of a checklist condition indicates that eSign is available.

Click the **'eSign Request'** link in the top right-hand corner of the documents checklist to initiate the electronic signing process.
